My name is Helen Bushue and I am a farmer
located in the Gresham area.

I am writing to request & support the 2 year re-newable
exemption from the Federal regulations that mandate certain
truck parts & accessories and the requirements for inspection, repair
and maintenance on farm truck

I support this exception because of the following reasons.

- Most farm trucks are traveling slowly on rural roads
- Oregon Farm trucks account for less than 1% of truck accidents
- Most truck accidents are due to driver error & not mechanical error

therefore Farm trucks do not pose a risk to road users.
